Fresh As A Daisy!

This lovely three bedroom home has just been freshly painted and has new floor coverings throughout.

It is fully air conditioned with a spacious living area, stainless steel appliances and internal laundry.

There is an enclosed balcony at the front and the home is very secure. On top of the single garage there is also a double carport. (because of the double carport the current owners have used the single garage as a study, it would make a great toy room, study or even extra storage).

At the rear of the property is a large backyard, shed and garden shed.

Call today for a private inspection!!
