964sqm Block With Dual Street Frontage!!

If you take a moment to look at the aerial map of this property it should immediately capture your interest....

The three bedroom house has been built upon a 964sqm block, with dual street frontage to Briarfield Street & Water Street in the beautiful suburb of Mundingburra.

Subject to council approval the allotment may lend itself to subdivision. With the high set home and large open carport at the front of the block and the rear portion on which the pool currently sits lending itself to the construction of another home. This definitely deserves investigating and financially appears to have merit.
