What was once a family home to one of Townsville's premium builders for many years, the home was designed around a young family with a home based business.

From the moment you enter this home it encompasses everything associated with having a family environment that is spacious and functional.

The fully air-conditioned family home is fully tiled to most areas throughout the home with the living area with timber look flooring. The modern kitchen overlooks the inground pool and established gardens to the rear of the property.

Grandparents/teenagers retreat is air-conditioned and is spacious and fully tiled throughout. Leading from this is an enclosed storage/workspace area for the home handyman.
