Beyond the beauty of its inescapable Queensland heritage, within the walls of this stunningly crafted home sits a raft of unparalleled contemporary interiors.

Presenting as a new home, it's blend of old meets new flows seemingly from the moment you enter the door.

Under high ceilings the four bedrooms, including generous sized master with a stunning ensuite and walk in robe, are enhanced by subtle tones, and project a traditional presence that's warm and inviting.

Polished Timber floors flowing from front to rear, give rise to high ceilings finished with square set junctions, and earthy tones set the tone for the true heart of this home, which is at the rear, and includes the delightful open plan living and dining room which adjoins a high quality kitchen, carefully and painstakingly planned in every detail.
